

Dillon Declares Budget Deficit of \$6.7 Billion

SAN FRANCISCO (AP) — Secretary of the Treasury Douglas Dillon today broke the news of a further expected increase in the federal deficit. This year's budget, he said, will be "somewhat more than \$6.7 billion" out of balance.

Dillon said that record harvests—featuring huge farm price support outlays—and the growing postal deficit have caused the red ink to run deeper than expected.

But Dillon, in an address for the annual meeting of the American Bankers Association, discounted the possibility that the excess of federal spending over receipts would in itself cause inflation. He also renewed the Kennedy administration's promise of a balanced budget for fiscal 1963, starting next July 1.

"This is exactly what the President intends to submit to the Congress in January," Dillon told the bankers.

Dillon said President Kennedy has intensified his pressure on federal agencies for strictest economy and the postponement of spending and already has produced what he called substantial savings.

The fiscal 1962 budget sent to Congress in January by former President Dwight D. Eisenhower showed a \$1.5-billion surplus, but Democrats criticized the budget as "political" and "unrealistic." The new administration revised it to show a \$2 billion deficit.

In July the Berlin crisis prompted Kennedy's request, quickly granted by Congress, for stepped-up military outlays which increased the prospective deficit to \$5.3 billion.

Last month Dillon indicated the deficit might exceed \$6 billion. The latest revision, he told the bankers, will come in the Budget Bureau's midyear budget review, completed each year after Congress has finished its work. Due in two or three weeks, it "will not make happy reading," Dillon said.

\$15,000 Judgment Is Affirmed

LITTLE ROCK (AP) — The Arkansas Supreme Court has affirmed a jury verdict that will save a Jackson County man from having to pay any portion of a \$15,000 judgment.

The man, Raymond Hardin of Tupelo, would have had to pay the judgment to V. O. Calhoun of Woodruff County. All the sum will now be paid by the Southern Farm Bureau Casualty Company, despite the fact that Hardin's maximum insurance protection with the firm was \$6,190.

Calhoun won the full judgment against Hardin, in Woodruff County Circuit Court, following an accident in January, 1956.

The insurance company refused to settle the case out of court for \$4,000 but later paid \$6,190 of the judgment.

Hardin sued and won a Pulaski Circuit Court decision that the firm must pay the full amount of the judgment, the \$15,000.

The Supreme Court said the firm was remiss for failing to settle for an amount within the policy limits.

PSC Won't Take Up Arkla Hike

LITTLE ROCK (AP) — Four cities who are fighting Arkansas Louisiana Gas Company's \$1.2 million rate increase probably will now take their case to court.

The state Public Service Commission Monday refused to reconsider its order granting Arkla the rate increase, which has been collected since April 1. In the same session, Arkla filed a revised schedule incorporating the rates.

The cities, Pine Bluff, El Dorado, Conway and Benton, wanted the rehearing.

They must appeal to the courts if they wish to carry their protest further. They have said they will appeal.

R. Kennedy Is Proud Rails Desegregate

By HARRY KELLY

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy has announced that three major railroads have ordered racial desegregation of all their facilities in the South. But two of the railroads said later they hadn't been practicing segregation.

Kennedy issued the statement after Dr. Martin Luther King told a news conference that the Justice Department had told him of the desegregation orders put out by the railroads—the Illinois Central, Southern and the Louisville & Nashville.

King, Negro integration leader from Atlanta, conferred Monday with both President Kennedy and his brother, the attorney general. King said he had been advised the railroads had "issued orders to go into effect immediately, that all facilities, all terminals be desegregated immediately."

As King was making his announcement, Justice Department officials were preparing a statement detailing the plan. They said the statement was to be issued after confirmation that the order had gone into effect in 10 Southern states—Louisiana, Tennessee, Kentucky, Virginia, Mississippi, Alabama, Georgia, Florida, North Carolina and South Carolina.

Atty. Gen. Kennedy said Justice Department officials had held several meetings with the railroad operators to work out the voluntary desegregation program. In Chicago, Illinois Central President Wayne Johnston said his line had done nothing but continue compliance with a 1956 Interstate Commerce Commission ruling banning segregation in interstate transportation.

Warren A. McNeill, director of public relations for the Louisville & Nashville, said the railroad had maintained no segregation in its stations or passenger cars for the past year and a half.

"There was no comment from Southern."

ANPA Protests FCC Order

WASHINGTON (AP) — The American Newspaper Publishers Association protested today a proposed order by the Federal Communications Commission on the ground it would increase substantially press costs for news wires leased from the American Telephone & Telegraph Co. and Western Union.

In a brief filed with the FCC, the ANPA said the proposed order would require AT&T and Western Union to impose large increases in charges to the press while greatly reducing costs to the government and many commercial users of the same facilities.

"Newspapers and news wire services make extensive use of these facilities to collect and disseminate news for the public," ANPA said.

"In today's filing with the commission, ANPA included representation on behalf of The Associated Press whose costs would be boosted in amounts ranging from 15 per cent for picture service to 21 per cent for news service."

May Have Man in Assassination

USUMBURA, Ruanda-Urundi (AP) — Police said today they believed they have in custody both the triggerman and the gun used in the assassination Friday of French Premier Louis Rwagasore.

Officers said they stopped a car at a roadblock, arrested the passengers and seized the weapon. Neither the number arrested nor their names were announced.

Red Premier Invokes Diety in Address

BY THE ASSOCIATED PRESS

Soviet Premier Khrushchev today invoked the deity in expressing the hope that it will never be necessary to use a nuclear bomb equal to 100 million tons of TNT.

He said the Soviet Union has such a bomb but: "May God grant that we never have to explode such a bomb."

An avowed atheist, Khrushchev often reels off biblical phrases. His speeches are sprinkled with allusions to God, Christ, heaven, hell, and sacred duty.

"I attended church schools as a boy," he explained once. "I won a prize from the priest for knowing the Gospels by heart."

His most recent previous declaration that he is a dedicated nonbeliever was in a statement last month welcoming Pope John XXIII's appeal for negotiations to settle East-West tensions.

"As a Communist and an atheist I do not believe in 'the Lord's will,'" he said, but added that the Pope showed an appreciation of sane thinking.

On another occasion he quoted Christ's "Love thy neighbor" approvingly.

Khrushchev made several biblical references during his visit to the United States in 1959. Sen. J. Fulbright, D-Ark., quoted him as saying, "Now, that's the truth. I'll swear it on the Bible that it is correct."

On his visit to Illinois' corn country, he said, "God has helped you a lot. He's given you good soil, but you mustn't think that God is helping only you. He's helping us, too."

He also said "God is on our side" because the Soviet Union was growing faster.

At Philadelphia, he stood with head bowed and to some it seemed his lips moved with the Presbyterian minister's when an invocation was pronounced at a luncheon.

But at a Washington news conference he told a questioner he believed the interest of some young Russians in religion was merely a matter of curiosity.

Trying to Make Bell Service Plant

LITTLE ROCK (AP) — A hearing on a lawsuit seeking to force Southwestern Bell Telephone Co. to continue service to the old Shumaker Naval Depot at Camden was postponed Monday for the second time.

The second delay was requested because of the death of the father of Bell's attorney.

The case was previously postponed because visiting Chancellor Paul X. Williams of Booneville was not familiar with it.

Tuesday is Williams' last day as guest chancellor in the absence of Chancellor Guy E. Williams, who recently underwent surgery.

Sub Path to Be Watched Closely

WASHINGTON (AP) — A stretch of the Atlantic used by Soviet submarines will get close scrutiny from a seven-ship U.S. Navy anti-submarine force.

Deployment of the group was announced Monday by the Navy. The announcement said the carrier Essex and six destroyers will go to the area, believed to be northwest of the British Isles, in November for an antisubmarine warfare exercise and stay there for an indefinite period.

Three of the destroyers—Jonas Ingram, Non and Striding—will leave from Mayport, Fla. The other three—Warleigh, Robinson and Miller—are from Newport, R.I.

Questionnaire Cards Sent Over State

LITTLE ROCK (AP) — Questionnaire cards asking about state vs. county prohibition, the possibility of a shooting war in 1962 and the recipient's choice for governor and senator next year have been received by some Arkansas residents.

Professional pollster Eugene Newsome said he believed the prohibition question—last on the card—was the one the circulators wanted to know about. The others, apparently were to get the recipient's interest aroused, he said.

Both Newsome and Gov. Orval E. Faubus, for whom Newsome frequently conducts polls, said they weren't behind the cards.

Faubus, former Gov. Sid McMath, former Atty. Gen. Bruce Bennett, Atty. Gen. Frank Holl, Rep. Dale Alford and Marvin Melton of Jonesboro, president of the Arkansas State Chamber of Commerce, were listed as possible gubernatorial choices.

Sen. J. William Fulbright, Faubus and Alford were set out as possible Senate choices.

Most of the men listed said, either personally or through aides, that they hadn't heard of the poll.

Only Melton wasn't immediately available for comment.

The cards were to be mailed back to the Public Opinion Institute at a Little Rock post office box. There was no further identification of the sending group.

A spokesman for the Christian Civic Foundation, said it was not making an election survey.

The prohibition question dealt with whether the recipient favored state- or county-wide prohibition.

Nothing to Do With Plane Sale to Slavs

NEWARK, N.J. (AP) — Former President Dwight Eisenhower told a news conference today he had nothing to do with the sale of 135 Sabre jet fighter planes to Communist Yugoslavia.

Eisenhower said that as far as he could remember, the military said it had the planes available early last January during the latter days of his administration. He said the State Department approved the sale later in January, a few days after President Kennedy took office. The actual agreement between the United States and Yugoslavia was made in March, he said.

Eisenhower said that in 1958 it was decided as a matter of policy that as long as Yugoslav-American diplomatic relations were maintained on the same level the United States would sell military equipment for cash, except secret equipment.

The sale — a package deal in which eight Yugoslav air force pilots are being trained at Peirce Air Force Base, Tex. — was disclosed by the State Department last Friday and immediately drew sharp criticism.

Eisenhower was in New Jersey today in campaign for Republican gubernatorial candidate James P. Mitchell.

Eisenhower also answered questions concerning the GOP hierarchy, Russia's 50-megaton bomb and nuclear tests in the atmosphere.

He said he considers former Vice President Richard M. Nixon the titular head of the Republican party. But he added, "If somebody else thinks something else, I'm not going to fight it."

Eisenhower said the 50-megaton bomb announced by Soviet Premier Nikita Khrushchev is "a very unnecessary type of bomb to have. Its usefulness is limited compared to its cost."

He said that unless such a bomb were exploded very high in the air there would be a great deal of fallout.

Russia to Explode a Huge Nuclear Bomb, Khrushchev Reveals

U. S. Silent on Berlin Situation

WASHINGTON (AP) — U.S. authorities greeted with restraint today Soviet Premier Khrushchev's removal of his deadline for pushing the Berlin crisis to a head.

Khrushchev told the Communist party congress the Soviet Union will not insist on signing an East German peace treaty by the end of this year, as he had been threatening.

But U.S. officials noted that Khrushchev coupled this with an announcement that the Soviets will set off on Oct. 31 the biggest explosion in the history of mankind—a 50-megaton nuclear bomb which many U.S. strategists feel goes beyond any military use.

The White House said President Kennedy "will have absolutely no comment" today on Khrushchev's speech.

Washington authorities wanted to withhold judgment of the speech until there is more opportunity to study his words and see what he means.

U.S. experts were quick to note that Khrushchev today, in saying Moscow will not insist on a peace treaty with Communist East Germany before Dec. 31, hinted this on a proviso that "the Western powers display readiness to settle the German problem."

What, it was asked here, does Khrushchev mean by "readiness" of the West for a peaceful settlement? Does he define "readiness" only as willingness to settle on the Kremlin's terms?

Red Bomb to Kill All in 7 Mile Area

By FRANK CAREY

WASHINGTON (AP) — A 50-megaton bomb such as Soviet Premier Khrushchev says the Soviet Union will explode Oct. 31 would dig a hole 400 feet deep and a mile and a half wide and kill almost all persons within seven miles unless they were in well-constructed underground shelters.

This was the estimate given by Dr. Ralph Lapp, a nuclear scientist when questioned by a reporter after Khrushchev told of plans for firing a bomb with the equivalent of 50 million tons of TNT.

Lapp used Washington for an example and the White House as an impact point in giving his estimate of damage. His figures would mean that most of the federal government buildings would be within the area he said would be instantly converted into a gigantic crater.

He said all wood frame houses within 16 miles—all of Washington—would be destroyed. In addition Lapp continued, brick structures within 10 miles would be leveled and even big steel-reinforced buildings would be smashed for a distance of from 5 to 6 miles.

In addition, he said, a bomb would result in injuries to many persons from flying glass or debris for a distance of 30 miles from the impact point.

Lapp also said that radioactive fallout would contaminate an area of from 10,000 to 20,000 square miles depending upon wind conditions.

Heat from the detonation, he said, would produce second degree burns out to a distance of 35 miles in all directions, representing an area of 4,000 square miles.

He said well-built underground shelters would provide protection if located 3½ miles from the blast. Underground locations of Atlas and Titan missiles, he said, would resist the blast if they were about 2.3 mile from it.

The scientist said he believed that in any test of such a weapon the Russians would use a rocket to carry it at least 100 miles above the earth before the blast.

Fabulous Yields Affect Market

CHICAGO (AP) — Reports of fabulous yields in newly harvested corn caused selling in the futures market today. Soybeans and other grains, excepting oats, also eased on the Board of Trade.

Corn yields of more than double the national average of 60.4 bushels were reported in at least one area in Illinois where the harvest was getting started.

Selling of wheat futures was influenced by favorable crop news and only a light export demand.

Hedge selling depressed soybeans but losses late in the session were fractional. Oats were independently strong most of the session. Rye declined on profit taking after recent advances.

Estimated earlet receipts were wheat 4 cars, corn 47, oats 2, rye none, barley 7 and soybeans 36.

Reuther Takes Fight to Chrysler

DETROIT, Mich. (AP) — Walter P. Reuther takes on Chrysler Corp. today in the final round of the Big Three auto labor contract negotiations that started 3½ months ago.

The United Auto Workers' president was expected to ask Chrysler to match the settlement made with General Motors Corp. last month, but not necessarily the frustrating pact on the GM cake by Ford Motor Co. last week.

Reuther and Chrysler agreed Monday night on a 2 p.m. meeting today for intensified negotiations, he said he planned to meet in the forenoon with the union committee that has been bargaining with Chrysler.

Reuther's decision to put immediate pressure on Chrysler came as the UAW virtually completed settlement of a strike that had shut down Ford for 13 days.

Ford resumed production Monday at half of its 16 assembly plants with the recall of 55,000 workers. The company expected to have almost all its 120,000 hourly workers back on the job Wednesday.

The union's bargaining strategy at Chrysler was mapped Monday afternoon by Reuther in a meeting at his suburban home with UAW Vice President Norman Matthews, director of the union's Chrysler Department, and their aides.

Reuther said the Soviet Union will not insist on signing a German peace treaty by the end of this year—as he had threatened earlier—"if the Western powers display readiness to settle the German problem."

But the Soviet premier declared that "the German peace treaty must be and will be signed, with the Western powers or without them." And he reiterated that the treaty must end the Western Allied occupation of West Berlin and convert it into a "free demilitarized" city.

He called once again for conclusion of a peace treaty with both West and East Germany and said both should be admitted to the United Nations.

He also demanded "genuinely equal rights in all U.N. agencies."

Mr. Ida Senator to Get ESD Job

LITTLE ROCK (AP) — State Sen. Rudolph Bates of Mount Ida has taken a Merit Council examination for a state Employment Security Division job.

Bates held a similar job under a temporary appointment for about two months last summer. He resigned although the Merit System Council said it knew of no prohibition against a legislator holding a Merit System job.

Bates was among 12 applicants for ESD field auditor who took the examination Monday. The job pays from \$400 to \$500 a month.

Of the 63 counties, Jones said, 32 showed a loss over the previous year and 31 showed gains. Biggest loss was reported by Jefferson County, which had a drop of 2,641. The respective figures were 22,971 last year and 20,330 this year.

Biggest gain was by Mississippi County, which had an increase of 2,646 from 14,431 to 17,077.

The poll tax receipts on which reports are being compiled now entitle voting to Oct. 1, 1962, a period which will include next summer's party primaries.

Brags of Size as Communist Congress Meets

By STANLEY JOHNSON

MOSCOW (AP) — Premier Khrushchev announced today that the Soviet Union will explode a nuclear bomb equivalent to 50 million tons of TNT Oct. 31.

It was the first time the Kremlin had given advance notice of a nuclear explosion.

"We have a 100-million-ton bomb," Khrushchev told the opening session of the 22nd Soviet Communist party Congress, "but we do not intend to explode it."

"If we happen to explode it in the wrong place, we might break our own windows," Khrushchev continued. "May God grant that we never have to explode such a bomb."

The Soviet Union, in announcing Aug. 31 that it was resuming nuclear weapon tests, said its scientists had worked out projects for building bombs with explosive power of up to 100 million tons of TNT, or 5,000 times the power of the U.S. bomb that devastated Hiroshima. The biggest bomb in the U.S. arsenal is believed to have a force of perhaps 20 million tons.

U.S. military experts said earlier that building a 100-million-ton bomb would not be particularly difficult but that it would not be worth the money because the bombs already available have sufficient explosive power to obliterate any conceivable military target.

Khrushchev told the congress the Soviet Union had been forced to resume nuclear testing because of the sharp international tensions the Western powers had created around the world, especially in Germany.

Khrushchev said the Soviet Union will not insist on signing a German peace treaty by the end of this year—as he had threatened earlier—"if the Western powers display readiness to settle the German problem."

But the Soviet premier declared that "the German peace treaty must be and will be signed, with the Western powers or without them." And he reiterated that the treaty must end the Western Allied occupation of West Berlin and convert it into a "free demilitarized" city.

He called once again for conclusion of a peace treaty with both West and East Germany and said both should be admitted to the United Nations.

He also demanded "genuinely equal rights in all U.N. agencies."

Poll Taxes Dip in 63 Counties

LITTLE ROCK (AP) — Sixty-three of Arkansas' 75 counties have issued 3,693 fewer poll taxes for 1961-62 than were issued last year, according to State Auditor Jimmie Jones.

The state set an all-time record last year. This year the total to date is 399,996. Last year the same counties had reported 403,689.

Of the 63 counties, Jones said, 32 showed a loss over the previous year and 31 showed gains. Biggest loss was reported by Jefferson County, which had a drop of 2,641. The respective figures were 22,971 last year and 20,330 this year.

Biggest gain was by Mississippi County, which had an increase of 2,646 from 14,431 to 17,077.

for the three groups of states that have come into being in the world — socialist (Communist), neutralist and imperialist. And he once more demanded that Red China get its "legitimate rights" in the United Nations.

On the question of a German peace treaty, Khrushchev said: "The Soviet government as before insists on the speediest solution of the German problem, it is against putting it off to infinity. 'If the Western powers display readiness to settle the German problem, the question of the time limit for the signing of a German peace treaty will not be so material; we shall not insist then that the peace treaty be signed by all means before Dec. 31, 1961.'"

Khrushchev said that judging from Soviet Foreign Minister Andrei A. Gromyko's recent talks with President Kennedy and Britain's Prime Minister Harold Macmillan, "we had the impression that the Western powers were displaying a certain understanding of the situation and that they were inclined to seek a solution for the German problem and for the West Berlin issue on a mutually acceptable basis."

Khrushchev told the party Congress — the first in two years — that the Soviet Union and its Communist allies "now possess vast power, ample to provide a reliable defense for the great gains of socialism against the inroads of imperialist aggressors."

Death Sentence Is Upheld

LITTLE ROCK (AP)—The Arkansas Supreme Court today upheld a death sentence against Edward Walton Jr., a Negro convicted in an Ashdown pistol slaying.

Walton was arrested in Texarkana a few hours after Roy Hallman, a night watchman, was found dead in an Ashdown service station in June, 1959.

Walton, who had one death sentence reversed by the state Supreme Court, admitted struggling with Hallman, but he said the pistol (Hallman's) discharged accidentally.

The Supreme Court today rejected a contention that the conviction should be reversed because Negroes were systematically excluded from the jury which tried Walton. The court said 12 Negroes were named to a 66-man jury panel.

Two Weeks That Shook the World...

The ever-simmering cauldron of international tension boiled over in several places just five years ago. In 1956 the world witnessed 14 days that convulsed East and West. New alignments that resulted gave international politics a drastically changed look:

Oct. 23—Bolstered by Poland's "Peaceful

Revolution" of that summer, Hungarian workers and students demonstrated for democratic reforms and an end to Soviet occupation. Truckloads of armed men rolled into the capital, Budapest, as riots turned to armed revolt.

Oct. 24—Soviet tanks and Hungarian security police battled Freedom Fighters.

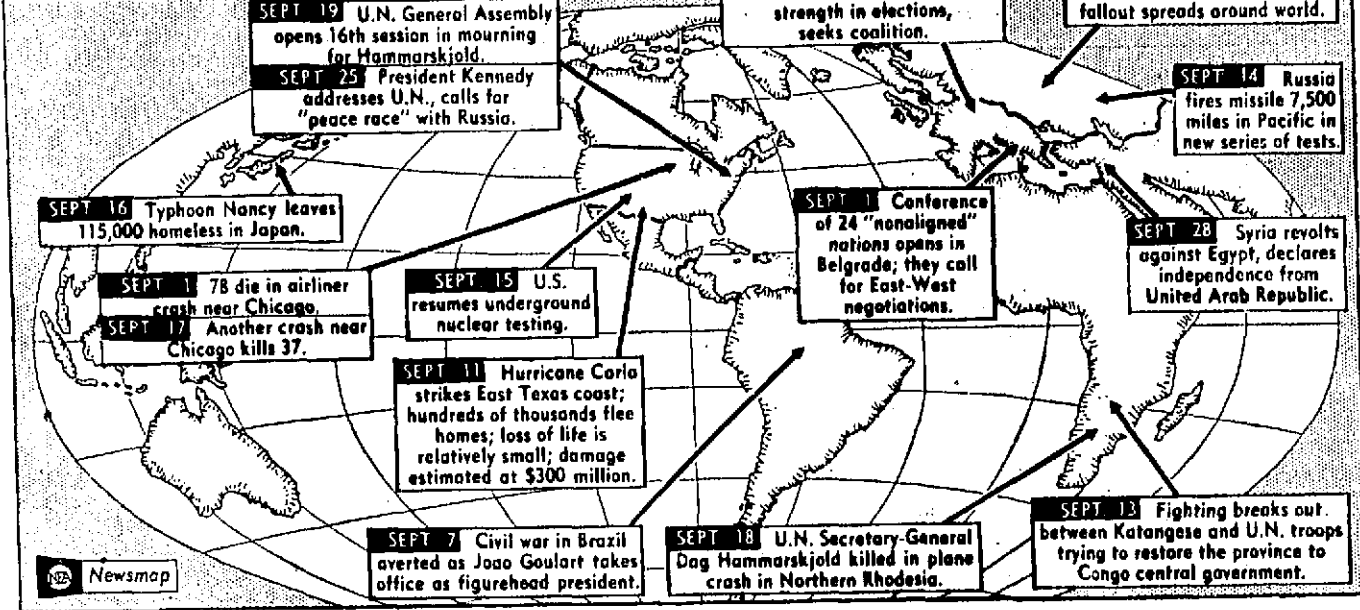

Hungary (1)

Oct. 28—As the mutilated statue of Stalin lay in the streets, Budapest radio announced, "You have won!" The Russians, apparently fearful of creating an image of "occupation" before the rest of the world, withdrew their tanks after four days of violent fighting.

Students Help Up, Man Saught

LITTLE ROCK (AP)—A 30-year-old North Little Rock man was arrested today, and a police spokesman said he admitted abducting two college students, stealing their automobile and money, and then holding up a liquor store.

The man, booked as James Edward Geyer, was picked up at his North Little Rock home.

Police of Little Rock and North Little Rock and sheriff's deputies participated in the arrest.

North Little Rock Detective Lt. Eddie Munn said the officers acted after a Missouri Pacific employee reported the abandoned car some blocks from Geyer's home and a woman said she had seen a man fitting the description of the robber not far from it.

Munn said Geyer, described as having been arrested a number of times beginning as a juvenile in 1946, related he was the shotgun-carrying man who Monday kidnapped and robbed the students and then held up the liquor store.

More than \$60 was recovered from Geyer, the officer said. Geyer was held without formal

charge. The students, who attend Arkansas State Teachers College in Conway, picked up the man Monday as he was hitch-hiking on Highway 65 between Conway and Little Rock.

He pulled the shotgun, forced them to drive to an isolated spot, then took their car and \$2.50 from one of the youths.

A man fitting his description and driving the stolen 1961 Chevrolet Corvair held up a liquor store on Little Rock's Main Street Monday night, taking \$75 while holding the sawed-off shotgun on a clerk.

An all-points police bulletin was issued. The man was described as being about 5-feet-8, weighing 150 pounds. He had dark curly hair and several front teeth missing. The auto license plate number was Arkansas 13-241.

The college students, Connie Bleidt, 20, and Tommy Jackson, 19, both of Searcy, said they were en route to Little Rock to meet a friend. They said they picked up the man about 12 miles north of North Little Rock and when they reached the city limits he pulled the shotgun from his trousers and ordered them to turn around and drive back out Highway 65.

Then he told them to pull off on a country road. They walked to a farmhouse and called police.

Something at Millwood (Nashville News)

Developments, some new, some old, in the Millwood Reservoir should concern Howard County residents before plans are firmed up.

The new includes a 32,000 acre Game Refuge. This proposal, with the Federal Fish and Wildlife and the Arkansas Game and Fish co-operating on the plans, was first mentioned publicly at the Ashdown meeting Tuesday. Roughly, the acreage will include some lands already in the reservoir program, either for the conservation on flood pool, but some is on the outer perimeter.

The government will buy this land outright. Which means some farm land owners, anticipating flowage easement fees with the right to own and to limited use, will not keep their land. It also will come of the tax books, affecting chiefly the Mineral Springs school district.

For the recreation minded, the refuge will include 40 percent public hunting grounds.

Col. Penney also announced that the conservation pool level would be 252 feet above sea level, with a normal size of 13,000 acres. He said not until the Southwest Arkansas Water District paid in some money for water would the conservation level be boosted to

259.2 feet and 29,000 acres in size. A 13,000 acre lake in the bottoms may be limited as a recreational lake.

There will be no land privately owned fronting on the lake. The engineers plan to buy up to the shoreline plus 300 feet horizontally. The question arises, wouldn't the lake be developed quicker and better under private ownership of some of that shoreline?

If Millwood is to become a reality, as it will, this area should make its best effort to get maximum benefit from the shoreline and private ownership should be observed of all lands not absolutely essential to the operation of the first objective, flood control.

Again Faubus Sidesteps His Plans

LITTLE ROCK (AP)—Gov. Orval E. Faubus once again has sidestepped comment on whether he plans to run against Sen. J.W. Fulbright in next year's Senatorial election.

He was asked by a newsman if he thought he could beat Fulbright. Faubus said no comment. The governor and Rep. Dale Alford, D-Ark., have been rumored as possible opponents of Fulbright in a speech at Memphis last week in which the governor criticized U.S. foreign policy.

"I haven't taken any pot shots at the senator," he said. "I made no reference to Fulbright or any individual in my comments."

"I've been trying to stay out of the business of congressmen—the entire Arkansas delegation—and I haven't taken out after anyone," Faubus said.

In the speech, Faubus said he disapproved of a foreign policy under Yugoslavia was given U.S. jets at token cost. And he said he didn't understand why the U.S. was training communist Yugoslav pilots.

Faubus blamed "apple-brained visionaries" for foreign policy matters which he disagreed. Fulbright two days earlier had talked about failure of the U.S. to improve economic conditions in Cuba prior to the Castro revolution.

Porter Appointed

LITTLE ROCK (AP)—Former state Sen. J. O. Porter of Little Rock is the new director of the Bureau of Vital Statistics. Porter served with the Federal Reconstruction Finance Corp. for 20 years and was a cost accountant at the State Hospital before being named to the new job Monday. He was senator from Crawford, Franklin and Johnson counties from 1955-59.

my never called him as a witness in its probe. "I certainly could have supplied some information," he said.

Roberts also said in an interview Monday that he had "no idea why" he was not called to testify.

"I feel that the full story has not been told. Some things have been misrepresented," he said.

Walker was removed from his command of the 24th Division in Germany last spring for alleged political activity in connection with his program to train troops and dependents in opposing communism.

Robert said the program "has been maligned. It's still being identified as a 'Birch center' operation, as sailing the Birch line, but this is a lie."

The John Birch Society is a controversial ultraconservative movement.

Mrs. George Edward Miller, Jr.

The marriage of Miss Sandra Lynn Hobbs, daughter of Mrs. Galen Alan Hobbs and the late Mr. Hobbs, and George Edward Miller, Jr., son of Mr. and Mrs. George Edward Miller, Dallas, was solemnized Saturday, Oct. 14, at 7 p. m. in the sanctuary of the First Baptist Church with Dr. S. A. Whitlow officiating at the double-ring ceremony.

Vows were exchanged before a background of southern smilax and cathedral candles. The happy arch was framed with garlands of smilax, and branched candelabra pointed up an arrangement of candles and greenery on the baptismal ledge. Floor baskets of large white chrysanthemums flanked the place of ceremony. Pew candles marked the aisles for the wedding party.

A program of nuptial music was played by Luther Holloman, organist. He accompanied Mrs. E. J. Ogden who sang "Love Is a Many Splendored Thing," "I Love Thee," and "The Lord's Prayer."

Given in marriage by her uncle Lester Hobbs, the bride was garlanded in cloud white delustered satin. Pearl beading on the hand run Alencon lace outlined the deep oval neckline and extended down the center front. From the fitted bodice, with long tapered sleeves ending in a point over the hand, hung a bell-shaped skirt that swept into a chapel train. Her tiered veil of illusion was attached to a coronet of seed pearls. She carried a cascade bouquet of stephanotis centered with a yellow-throated white orchid. Her only jewelry was a strand of pearls a gift of the groom.

Miss Caroline Cox was maid of honor, and bridesmaids were Misses Linda Purdie, Jan Robinson, Karen Brown, Graham, Tex., and Sandra Anglitz, Memphis. They wore walk-length frocks of white brocade satin fashioned with fitted bodices and bouffant skirts. Tiny seed pearls embellished the bodices and long sleeves. They wore matching bun-

deaux with circular veils and carried a cascade bouquets of yellow Permet roses.

Miss Jane Brannan, Dallas, wore a floor-length of white brocade tulle. Tiny yellow roses were pinned to the deep back neckline. John Brannan Jr. was ringbearer.

Jeff Elbert, Aurora, Ill. served as bestman. Groomsmen were David Campbell, Gary Cadenhead, Jerry Loptand and Lane Newbury all of Dallas.

For her daughter's wedding, Mrs. Hobbs chose a jacket dress of lightest and leaf green satin. She carried a matching purse on which she pinned yellow roses.

The groom's mother wore ivory satin with matching accessories. A cluster of yellow roses was pinned to her purse.

Following the ceremony a reception for the bridal couple was held at the Hope Country Club. Greeting the guests were Mrs. Mike Kelly and Mrs. Thell Joplin.

The bride's table was overlaid with a cloth of white satin and net with garlands of satin caught up with clusters of yellow roses. Low crystal corgones held yellow roses and maidenhair fern and encircled the three-tiered wedding cake, which was served by Mrs. A. D. Brannan. Mrs. Edwin Stewart served punch from a silver bowl. Magnolia foliage and candles on the mantle provided a background for the table.

Mrs. Jerry Lofland of Dallas, was in charge of the bride's book. Others in the house party included Mrs. Jack Lowe, Mrs. George Robison, Mrs. Charles Graham, Mrs. Bryon Helmer, Mrs. Vincent Foster, Mrs. John Brannan, Mrs. Milton Eason, Mrs. Lamar Cox and Misses Sue Moore and Mary Margaret Daniels. Each wore a single yellow rose.

For travel the bride wore a toast wool suit with a mink collar and matching accessories. After a short wedding trip the couple will be at home at 6208 Winton St., Dallas, where the groom is a senior at Southern Methodist University. The bride attended SMU and was a member of Pi Beta Phi. His fraternity is Sigma Alpha Epsilon.

Love Smog for Cleaning Out Lungs

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — "Smog? I love it," said Rosanna Brazzi, breathing deeply. "It cleans out my lungs."

Greater love hath no transplanted Californian than that he can't even say a bad word about Los Angeles smog. That demonstrates the extent of the love affair between the suave Italian and his portion of Pacific shore.

He even goes so far as to say that if he had to choose between living in Hollywood or Rome, it would be "arrivederci, Roma."

"Yes, I know they won't like that in Rome," said Brazzi, "but I have reached the point in life where I say what I want."

"I love California because — well, first of all, because my wife loves it. But I also like the life here—it is like country living in the city. If you want to be alone, you can. If you want to play tennis, it is easy."

Fortunately, Brazzi doesn't have to make the choice between Beverly Hills and the Via Veneto. He continues to bounce back and forth between his \$650,000 apartment overlooking the Villa Borghese and his Canon Drive mausoleum here, except that it is rented and he had to rent another house. He's at Warners finishing up "Lovers Must Learn," which began in Rome.

Brazzi indicated that Rome is fast becoming an American colony. He sometimes asks visiting friends, "Have you visited the Italian sector?"

He commented, "Even the menus in Rome are in English now, so I never know what I'm ordering there or here." He added that the Romans have gone all-out for another American institution: traffic.

"I said once that Rome would have to do away with the motor scooters, which were clogging the streets," he said. "When I went back 18 months later, the scooters were gone. Their drivers were all driving cars. They are absolutely mad. I wouldn't think of driving in Rome now."

Why do Americans fall in love with Rome? "Because Italians are basically happy people," Brazzi said.

He added a word of caution: "Don't expect the libertine life as portrayed in 'La Dolce Vita.'"

"That is a fantasy," he said.

New Mistake Won't Correct Old One

By HELEN WORDEN ERSKINE

Dear Helen: I am one of those unfortunate girls who made a big mistake in life, then tried to rectify it with a hasty marriage. My husband married me much against his will, left me soon after, and hasn't been heard from since.

Our baby is now three months old, and has brought a great deal of happiness to my family. Now I have met another boy, who is very thoughtful, knows the truth about the baby, and has been taking me out.

My mother says I'm wrong to go with him. Am I? I am only 17, and very lonely. Of course I have applied for a divorce, but it won't be granted for another year.

The people in my town think my husband is in the Army, since I don't want to tell them the whole truth. Naturally, they are talking because I see Alfred, but how can I tell them how things really are? — Shy Ann.

Dear Shy Ann: You are about as determined to ruin your life as any young lady I've ever encountered. True, you're very young, but surely even at 17 one bitter lesson should be enough to knock some sense into you. Can't you see that a continuation of your friendship with the new boy will lead to a repetition of your whole story? This time, however, a quick marriage won't solve the problem since you already have one husband lurking in the background.

Fate has dealt kindly with you in (1) getting the baby's father to marry you, even though he did it reluctantly, and (2) having a family that is sticking by you so valiantly. At the rate you're going you'll try the patient of Fate, as well as that of your family.

Loneliness was undoubtedly the excuse you used in yielding to the first boy, and apparently you intend it to serve for all future troubles.

Would you like to know what's in the immediate future for you? Continue going out with your new friend, get the neighbors' gossiping enough and you'll soon be branded as an unfit mother, with your child taken from you. Since you do seem genuinely fond of your daughter, better be willing to stand a little loneliness until you're old enough to be trusted.

Dear Helen: I am 38 years old, a widow with three grown children. I've been corresponding with a widower in his fifties for the past six months, during which time we have become fond of each other. We have never met, but plan to this summer. Do you think there's a chance of happiness for us together? — Lonely Heart.

Dear Lonely Heart: Why not? Just don't be too hasty about becoming serious until you have met and have had sufficient opportunity to become acquainted.

Dear Helen: I've dated a boy four times, and like him very much at first he liked me, but now he seems to avoid me. How can I make him interested again?

Peterina. Dear Peterina: Since there is no explanation as to why no person likes another, it's impossible to figure why the boy lost interest, or how you can arouse it again. After all, he's probably dating different girls to find out what type he likes, and you just don't happen to fit well into his scheme. Rather than longing for the impossible, concentrate on other young men until you find just one you like. You'll be surprised to find out that it will be some quite different from your last love.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Teenage Code."

Striking Workers Fired at N. L. R.

NORTH LITTLE ROCK (AP)—One worker quit and eight were fired after a mass work-stoppage at the North Little Rock Electric department early today.

The work halt involved about 33 men. It came about when two union officials showed up at the power plant to discuss the recent firing of two other workers.

When the men saw the two union officials—Paul Kyzer, business manager of Local 295 of the International Brotherhood of Electrical Workers, and his assistant, Frank Siskel—they refused to go to work. The union men had come to talk to Fred Jarvis, a department manager.

Mayor W. P. Laman, called to the scene by Jarvis, told the men to "Get on your trucks and go to work or turn in your tools." Kyzer said the union did not condone work stoppage while negotiations were being carried on. Laman said that previously, relations between the city and the IBEW have been good.

Young Girl Dies From Gunshot

LITTLE ROCK (AP)—Rita Moses, 15-year-old girl shot accidentally Saturday night, died today in St. Vincent Infirmary.

"The girl was wounded with a bullet from a .30 caliber rifle being cleaned by her brother, according to the father, Max Moses."

Stevenson, Zorin Plan Another Meet

UNITED NATIONS, N.Y. (AP)—Soviet Deputy Foreign Minister Valerian A. Zorin and U.S. Ambassador Adlai E. Stevenson are expected to meet again soon in an effort to break the deadlock over appointment of an acting U.N. secretary-general.

Zorin told a go-between over the weekend he would like to see Stevenson again on the matter.

Stevenson lately has preferred to talk to Zorin through intermediaries. But the intermediaries feel they have done about all they can and Zorin and Stevenson now must work out an agreement themselves.

Since their last previous meeting, last Tuesday, both men have made public statements pinpointing the issues that have arisen in their negotiations for an interim successor to the late Dag Hammarskjold to serve until April 1963.

THE STORY: Don Willie and James Lynch tell Mike Beecher that the job offered him in Rabat is not-existent. For some unexplained reason they want to hijack the plane to Morocco and tried to lure Mike aboard because he could fly the plane.

Chapter XIV

"Everything is in danger," Don Willie said, the words tumbling feverishly from his lips. Beecher could smell the rank sweat of fear on the man and see the glint of desperation in his deep-set little eyes. "I am in danger. Long ago, many years ago my company did work in Spanish Morocco, near Tetuan. The bids were very low. Down here," Don Willie stooped to place the palm of his hand on the floor and the exertion pumped a tide of purple color into his cheeks.

"I took short cuts. That is it, Short cuts. It didn't matter to anybody. But now, Mike, there is no more Spanish Morocco. The Moroccans run their own country. And in Rabat, their government is looking into all these old contracts with Spain. They have asked to see the bids, the specifications, invoices, receipts, all these things. They will find the short cuts I took years ago. They will ask where is this bridge, where are these roads?" Don Willie blew his nose again. "I cannot work miracles. I cannot make bridges and roads spring up in the deserts overnight. Everything I have accomplished will be destroyed. But I don't care for myself. It is the good name of Germans everywhere that is threatened."

The curious logic made Beecher's head ache. "And this information, it's on tonight's flight to Rabat?"

"Yes, yes."

Beecher struggled up in his chair. "I'm not saving your hide. Don't tell me about the sacred honor of Germany. Save that for the Generalissimo in Madrid. He can use a good laugh."

Don Willie snatched up the crop from his desk and slashed at Beecher's face. "You will obey me!" he cried hysterically. The crop rose again in his huge fist, and Beecher threw up his arms to block the blow. A hot, savage pain flamed on his wrists. "Like my dogs, I will train you."

"I say, ease up," Lynch cried sharply. "The poor beggar won't be in any shape to fly the air."

by Hicks Funeral Home Inc.

Lynch cleared his throat. "Now, old man, you'd best be realistic. When the Frenchman let us down, you were our only hope. We pinched a few letters addressed to you in the Bar Central. They were from your sister with the cute name, Bunny. I expect she wrinkles her nose when she laughs. At any rate that gave us enough on your background. I sounded you out at the golf course and tried to get you to come with me to Don Willie's party. You and Willie weren't friends, so we had to bring you together casually. But you needed more convincing than I was up to. It was her idea, as a matter of fact, that you might be a bit homesick for an American girl. And she did a jolly good job. I must say. If it weren't for the bloody Frenchman, it would be sunny skies all the way home."

"It was all a fake?" Beecher said. He couldn't think or feel anymore; he knew nothing but a dumb blind pain.

"That's right," she said quietly. "But I'm sorry it went as far as it did."

"You're sorry," he said "Sorry"

Press to Push More Use of Newspapers

HOT SPRINGS, Ark. (AP) —

The Arkansas Associated Press Association decided Sunday to push for increased use of newspaper as instructional material in public schools.

Allen Gilbert Jr., managing editor of the Fayetteville Northwest Arkansas Times, reported to the organization's fall meeting here Sunday that a meeting has been arranged with public school teachers in Little Rock Nov. 2.

The AAPA's news study committee of which Gilbert is chairman, is supervising the project.

Gilbert said school groups that he has contacted in recent months have shown interest in the project. He said goals of the project would include use of newspaper as the current event texts in classrooms.

J.Q. Mehaffey, editor of the Texarkana Gazette, said the project would serve a useful purpose if it made newspaper readers out of young people. He said he recently conducted a survey which showed high school students read little more than the comic pages.

J.J. Casper, special agent in charge of the Little Rock FBI office, made an appeal for better relations between the press and law enforcement agencies.

In a speech to the association Casper said newspapers could aid law enforcement agencies by publishing descriptions and pictures of fugitives.

He said officers should cooperate with the press by not withholding information unless it is vital to the case, "such as a kidnapping where the victim's life might be in danger."

Chides British Defense Policy

LONDON (AP)—George Brown,

deputy leader of the opposition Labor party, asserted today recent Rhine army exercises prove Britain's defense policy has broken down in ruins.

Brown, who speaks for Labor on defense policy, claimed the big-scale maneuvers in West Germany also showed up the British forces as being "dangerously ill-equipped" and "facing impossible

The blunt-spoken Laborite, addressing the Socialist society at Queen Mary College, demanded that Prime Minister Harold Macmillan's government decide at once to cut back its commitments and recast the armed forces.

Texas Favored Over Porkers by Five Points

FAYETTEVILLE, Ark. (AP)—The Arkansas Razorbacks, five-point underdogs in their vital Southwest Conference game with third-ranked Texas here Saturday, figure the first order of business is preparing for the Longhorns is getting over the Baylor bruises.

Coach Frank Broyles said four Porkers were injured in the 23-13 victory over Baylor last Saturday night. He indicated that starting right guard Dean Garrett, a mainstay in the Razorback line, might not be able to play against Texas because of a knee injury.

Arkansas is tied with LSU for 10th place in the weekly Associated Press national football poll.

Quarterback George McKinney and halfback Paul Dudley and second unit right guard Tommy Brasher suffered leg injuries, but they were not considered serious enough to keep the three on the sidelines Saturday.

Broyles credited brilliant defensive play for the victory over Baylor. "Without the defense," he said, "we would never have been able to control the ball and beat Baylor."

Today, the Hogs hear a scouting report on Texas and its four straight victories.

Arkansas captains for the Texas game will be McKinney, tackle John Childress and reserve center Charlie Moore.

Texas Coach Darrell Royal said in his camp Monday that he expects another game like last year's in which Mickey Ciselli's field goal gave Arkansas a 21-23 victory in the closing seconds.

He reminded newsmen that although his team is 4-0, it hasn't tried a really tough opponent.

They Stayed in Their Place

THE OTHER AFTERNOON IN FRONT OF THE STAR office Mr. H. O. Grisham parked his car and told his two bird dogs to stay there until he returned. They did, over an hour to the amazement of some of the office force. Not many dogs are ever trained as well as the two shown on the back of the car above.

Quarterbacks Are Having Troubles

By JACK CLARY
Associated Press Sports Writer

"Quarterbacks, Their Trials and Tribulations"

That could well be the subject for today when some of the nation's college football teams get down to hard work for this Saturday's games.

The subjects concerned are some of the more famous of their occupations this year.

Sonny Gibbs, the tree-like signal-caller of Texas Christian, broke three ribs in last Saturday's loss to Texas Tech and has been replaced by soph Gray Mills. Just before his team's loss to Arkansas the previous week, Gibbs injured himself when an airplane landing ramp collapsed as his team was getting ready to leave for Little Rock.

Notre Dame's No. 1 quarterback, Daryle Lamonica, who has led the Fighting Irish to a 3-0 season so far, has a badly bruised ankle but is expected to be ready for Saturday's crucial game against Michigan State. Lamonica was hurt in last Saturday's 30-0 victory over Southern California, after also getting hurt the previous week against Purdue.

Iowa's No. 1 quarterback, Wilburn Hollis, had the cast removed from his wrist, but coach Jerry Burns still doesn't expect him to get back into action until later this season. Hollis was hurt Oct. 7 against Southern California.

John Hadl, Kansas' Mr. Everything, is feeling fine, and it is said he will continue to use him at quarterback and left halfback the only place to be," said the winner of 234 games—the last 199—in 14 years with the Phils. "Any body knows that in baseball the deal is to win or lose."

I've watched the Yankees win, and I want to be a part of it."

Roberts, who pitched only two weeks. He was hurt in the Orange complete games in 1961, while winning 1 and losing 10, insists the Yankees will never regret taking a chance on him.

World War II's "Jeep" originated in Toledo, Ohio.

Statistics Distributed in the SWC

DALLAS (AP)—There is a wide distribution of statistical honors in Southwest Conference football with the campaign nearing the halfway point.

Seven of the eight schools have players who lead or share the leadership in 11 phases.

Even the eighth, Baylor, can claim some sort of distinction. Its Carl Choate has converted on all of his attempts—twice for field goals and six times for extra points.

The only new leaders this week are Travis Reagan, Texas A&M sophomore, who made three touchdowns against Trinity and moved into a tie for the scoring lead with Texas' James Saxton, each with 30 points, and Butch Blume of Rice, who leads in interceptions and field goals.

Blume intercepted two Florida passes to make his season total four and he kicked two field goals. He previously booted a field goal against Louisiana State.

Saxton still leads in rushing with 310 yards and in kickoff returns with a 26.7-yard average.

Texas Christian's Sonny Gibbs retained his passing and total offense leadership with 22 completions in 47 throws for 325 yards, passing and with 369 yards on 77 plays in total offense.

Baylor reduced the punt return average of Arkansas' Lance Alworth sharply, limiting him to just six yards on three bids, but the Razorback star still tops the league with a 14.2 yards average.

Bob Witucki of Texas Tech leads in pass receiving with 10 catches for 110 yards while Harold Morgan of Southern Methodist and Jerry Candler of Rice are tied for the punting lead with 41.0.

Isn't sure who will do the quarterbacking for him this week against Northwestern. He indicated it will be either Bill Mrukowski, who has done most of the work so far, or Junior John Mumme, whom he indicated, has drawn even with Mrukowski.

Ron Taylor, Missouri's quarterback, was listed as one of his team's dozen injured, and may not see action against Iowa this week.

Baylor's Bears, dumped from the unbeaten, also were worried that their two prize fons—Bull and Goodwin—might be absent when the team meets Texas Tech. Oklahoma State guard Mike Upson will be out indefinitely after fracturing an ankle while Nebraska halfback Willie Ross, its highest scorer, is hobbled with a hip injury.

By WICK TEMPLE

Class AA Benton, ranked third in Arkansas, flies Friday night for its third victory of the season over a Big Nine Conference team. It gets second-ranked Hall in the Arkansas schoolboy game of the week.

The Panthers, a heavy favorite to win the Region 3AA championship, have won six in a row, as has Hall. Both teams have salty offensive units. Hall led by quarterback Johnny Beard and Benton paced by halfback Bobby Nix.

Both gave portrait performances last week. Nix gained 130 yards rushing, scored one touchdown on a 14-yard run and kicked three extra points in Benton's 27-6 victory over Russellville. Beard, returning from the injured ranks, keyed a 96-yard touchdown drive with passes and tossed a scoring pass to Jerry Bass in a 7-6 victory over Pine Bluff.

Benton has beaten Little Rock Central and Hot Springs of the Big Nine.

Conway of 3AA tries another Big Nine team Friday night—North Little Rock. Morrilton takes on winless Little Rock Catholic, Jacksonville, 5-0 and the only unbeaten besides Benton, meets Malvern, a Region 4AA toughie. Russellville tries to make a comeback in a game with Clarksville.

Camden's unbeaten Panthers, fifth-ranked in the Associated Press poll and the title favorite in Region 4AA, visit defensively tough Pine Bluff, the sixth-ranked team, Friday night in what probably will be Camden's toughest game of the year.

The Panthers must meet Smackover for the 4AA title, but the cards won't be stacked as heavily against them in the match as in the Pine Bluff game. The Zebras led Little Rock Hall 6-0 until the last quarter last week and their tough defense is being complemented by a strong quarterbacking job by sophomore Gordon Norwood.

Camden probably was looking toward Pine Bluff last week when it beat Crossett by only 7-6. Fullback George McCarty heads a list of strong Panther running backs. Smackover, 3-0 in 4AA play but 4-1 for the season, takes on Big Nine dormat Hot Springs in Smackover Friday night.

Magnolia gets Hope in a 4AA conference game in Hope. Camden Fairview, which won its first game of the season last week, 13-12, over Hope, meets Bearden in Camden.

Jonesboro and Blytheville, arch rivals in east Arkansas athletics, send their best football teams in years into action Friday night in Jonesboro.

Blytheville, of the Big Nine, is ranked seventh in the state and 3AA favorite Jonesboro is ranked fourth. The Hurricane has swept through six games unbeaten and Blytheville is 3-2-1 after consecutive losses to Little Rock Hall and Fort Smith.

A sellout crowd of 6,000 is expected, and it's certainly east Arkansas' game of the year.

It may be a battle of fullbacks, Jonesboro's Fred Hogan leads Class AA in scoring with 84 points. Barry Hughes, Blytheville's fullback, leads the Big Nine in scoring with 39 points. Hughes also is the Chick punter. Quarterback Nathan Austin will be an important cog for Jonesboro to stop.

Three conference games are scheduled in 2AA. Paragould, 0-3 in league play, goes to Forrest City 11-1. Stuttgart (2-1) tries Helena (3-0) and West Memphis (2-2) goes to Newport (1-4).

Helena will be hard put to remain unbeaten and still have a chance to throttle Jonesboro in the title. Wynne visits Class AA Searcy in a non-league game.

Van Buren, the only unbeaten team left in Region 1AA competition, faces drooping Subiaco Friday night in the league's only conference game.

Jack Braswell, Van Buren's alternating quarterback and halfback, ran 56 and 42 yards for touchdowns in leading Clair Bates, Pointers to a 13-0 victory over Tahlequah, Okla., last week. Subiaco beat Harrison, 21-7.

Springdale and Fayetteville, each with one defeat in 1AA play, meet non-league rivals and hope for Van Buren to be upset. Springdale goes to Bentonville and Fayetteville visits Joplin, Mo.

Rogers (1-1) meets Harrison (0-2), tangle at Harrison in the only other conference game.

2 Repeaters on All-Star Ball Team

NEW YORK (AP)—The 1961 Associated Press major league All-Star team listed outfielder Roger Maris of the New York Yankees and left-handed pitcher Warren Spahn as the lone repeaters from last season's squad.

The world champion Yanks landed four players on the team named today in the annual poll of members of the Baseball Writers Association. They were outfielder Mickey Mantle, catcher Elston Howard and shortstop Tony Kuback, besides Maris.

Others selected on the squad included first baseman Norm Cash of the Tigers, second baseman Frank Bolling of the Braves, third baseman Ken Boyer of the Cardinals, outfielder Frank Robinson of the Reds and right-handed pitcher Joey Jay of the Reds.

Howard, a near unanimous choice for catcher, polled 156 of the 171 votes cast. Johnny Roseboro of the Dodgers was runnerup with 4. Mantle also was named on 156 ballots to share top vote-getting honors with Howard.

The keenest competition was the battle for shortstop between Kuback and Maury Wills of the Dodgers. Kuback won by 2 votes, 59 to 57. Spahn and Whitey Ford of the Yanks also waged a close race for the outstanding southpaw with Spahn a 20-game winner for the 12th time, prevailing 63 to 78.

Maris, the major league home run king with 61 and the American League leader in both runs and runs batted in, ranked behind teammates Howard and Mantle in the vote-getting. Maris was named on 136 ballots.

Navy in Far East May Go to Viet Nam

SANGLEY POINT, Philippines (AP)—The U.S. 7th Fleet's outgoing commander said today his forces—the most powerful naval grouping in the Far East since World War II—are ready for any action that may be ordered in Communist-threatened South Viet Nam.

Expressing grave concern over the stepped-up Communist guerrilla warfare in South Viet Nam, Vice Adm. Charles D. Griffin said in an interview: "We are fully prepared to carry out the orders of our government. We are ready to undertake whatever the government wants us to."

The 7th Fleet patrols the seas adjacent to Red China and the Soviet Union's far eastern coast and keeps an alert watch on any suspicious Communist moves in the area. Griffin has been transferred to the office of the chief of naval operations in Washington after 19 months as commander of the fleet. Vice Adm. A. Schoech took over the fleet on Oct. 28.

Griffin said the Reds had a combined strength of about 120 submarines in the area—about 100 Soviet and about 20 Red Chinese. He said he believed the Soviets had nuclear-powered submarines, but there has been no indication any are in the Far East.

The admiral warned that Communist activities can be expected to intensify in the Far East now that the monsoon season is ending.

Machen to Fight Europeans

LONDON (AP)—American heavyweight Eddie Machen goes into a European ring for the second time tonight—hoping to do to Britain's Brian London what Ingemar Johansson did to him three years ago.

In Goteborg, Sweden, in 1958, the boxer from Redding, Calif., got in the way of a vicious right from the big blond swede after 2 minutes, 16 seconds of the first round. It was the end of the fight.

That punch earned Johansson a title fight with world champion Floyd Patterson. It put off considerably Machen's chance of a crack at the world title.

Machen, still hoping for that fight title, could see his dreams crash around him if he loses tonight. But he is rated 3-1 favorite to beat London, former British champion who has not fought for more than a year.

Hog Cagers Not in Condition

FAYETTEVILLE, Ark. (AP)—The University of Arkansas basketball squad reported in poor shape Monday and Coach Glen Rose immediately put the Hogs through a full-court scrimmage.

The White unit, led by Skippy Coffman's 14 point performance, beat the Red team, 57-41. Larry Hogue scored 13 points for the losers.

Rose had told the Porkers to be in shape when they reported. He said he was dismayed by the condition in which they showed up.

Arkansas Is in First 10; Texas Third

By THE ASSOCIATED PRESS

Michigan State nudged Mississippi out as the No. 1 college football team in the country today in the weekly Associated Press poll.

The margin was by a slim two points. Ol' Miss, in fact, collected more first place votes than the Spartans. Mississippi had 21 first places to 16 for Michigan State, which went to the top by virtue of its impressive 28-0 victory over Michigan last Saturday in the national television game of the week.

Michigan State finished with 431 points to 420 for Mississippi. The nationwide panel of 48 sports writers and sportscasters had Texas third, Iowa fourth, Alabama fifth, Notre Dame sixth, Ohio State seventh, Georgia Tech eighth, Colorado ninth and Arkansas and Louisiana State tied for tenth.

Mississippi shows a 4-0 record, following its easy 47-7 triumph over Houston last week. Michigan State has won all three of its games.

Michigan, No. 6, Baylor, No. 9, and Maryland, No. 10 a week ago all tumbled out of the top 10, as a result of being beaten.

Georgia Tech, Colorado, Arkansas and Louisiana State all jumped into the select circle.

Only Ohio State held the same spot as a week ago.

The top ten picked on a 10-9-8-7, etc., basis, with first place votes in parentheses:

1. Michigan State (16)	41
2. Mississippi (21)	420
3. Texas (2)	352
4. Iowa (2)	330
5. Alabama (4)	318
6. Notre Dame (1)	268
7. Ohio State (1)	244
8. Georgia Tech	77
9. Colorado	57
10. (Tie) Arkansas	55
Louisiana State	55

Unlikely Player Will Be Unseated

DUNEDIN, Fla. (AP)—Gary Player continued as king of the professional golf money mountain this week and it's unlikely anyone will unseat him in the short time left this season.

Player has banked \$64,540 (28 tournaments).

Second on the list released by the Professional Golfers' Association headquarters is Arnold Palmer, last year's top money-winner. Palmer continued to hold his position with \$57,732, despite a determined challenge by Doug Sanders.

Sanders has teed off in 35 tournaments this season and counted prize checks totaling \$53,513.
